The skilful advocate reflected for some moments. and taking up again the papers which he had pushed away with an abruptness peculiar to him, said that he would draw up the opinion; and that it should be finished the following day at the same hour.

The client was punctual to his appointment. The advocate presented him with the opinion, and without taking the trouble to reply to the thanks with which the other overwhelmed him, said to him rude-

"You are free to keep your money," said the ad vocate, "as I am to throw my opinion in the fire." So speaking, he advanced toward the chimney; but the other stopped him, and declared that he would pay the sum demanded, but that he had only half of it with him.

He drew, in fact, from his pocket book 1,500 francs in bank notes. The advocate with one hand took the notes, and with the other threw the opinion into the drawer. "But," said the client, "I am going if you please, to give you my note for the remainde.

I want money. Bring me 1,500 more francs, or you shall not have one line. There was no remedy, and the 3,000 francs were paid; but the client, to revenge himself of being so pillaged, hastened to circulate this anecdote. It got into the papers, and for a fortnight there was a deluge of witticisms of all kinds upon the disinterestedness of the great advocate. Those who did not laugh at it' said it was deplorable that a man of such merit should be tainted with a vice so degrading as avarice. Druggist and Chemist. OR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD OR HABIT

Serofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the face, Blotches, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, enlargement and pain of the Bones and Joints, stubborn Ulcers, Syphilitic Symptoms, Sciatica or Lumbago, and Diseases arising from an injudicious use of Mercury, Acitites or Dropsy, Exposure or imprudence in life; also, Chronic Constitutional Disorders, &c.

This medicine has acquired a very extended and establish ed reputation wherever it has been used, based entirely on its own merits, which its superior efficacy has alone sustained. The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigor. The scrofulous patient, covered with ulcers, loathsome to himself and his attendants, has been made whole. Hundreds of persons, who had ground hopelessly for years under cutaneous and glandalar disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs and the circula tion, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the effi-cacy of this inestimable preparation. The testimony of those who have been cured by its use, with their residences, has been published from time to time; and, were it desirable, a mass of the most overwhelming testimony could be brought forward, proving most conclusively its inestimable value. The afflicted, and those who have not used this medicine, are invited to make a trial of its virtues, and appropriate to them-

selves the benefits which it alone can bestow. "Truth is Stranger than Fiction." The attention of the reader is called to the following aston ishing cure, effected by the use of Sands' Sarsaparilla: This is to certify that I have a colored woman who has been afflicted for the last five years with Scrofula, and all the remedies I used had no effect in arresting the progress of the complaint; on the contrary, she constantly grew worse; and after expending between \$70 and \$80 with physicians, besides ising other popular remedics without success, till the disease had eaten away the cartilage of her nose, made its appearance on various parts of her body, and had finally commenced its ravages in the roof of her mouth.

In this dreadful situation, with the prospect of death staring her in the face, I stated her case to Dr. Disosway, the agent for Sands' Sarsaparilla in Newbern, N. C., by whom I was advised to use that article; and to my surprise and that of my neighbors, to whom her case was known, after using four and a half bottles she was restored to perfect health, and that in the space of three weeks, and was able to work in two weeks from the time she commenced taking it.
In witness of the truth of this statement, I have hereunto

affixed my name, this 19th day of September, 1847.

JOSEPH McCOTTER, J. P. Mouth of Neuse River, Craven county, N. C. Ulcer Cured of Seven Years Standing.

Messrs. Sands-Gentlemen: I consider it but an act of justice to you to state the following facts in reference to the great benefit I have received in the cure of an obstinute Cancerous Ulcer on my breast. I was attended eighteen months by a regular and skillful physician, assisted by the advice and counsel of one of our most able and experienced surgeons, without the least benefit whatever. All the various methods of treating cancers were resorted to; for five weeks in succession, my breast was burned with caustic, three times a day, and for six it was daily syringed with a weak solution of nitric acid, and the cavity or internal ulcer was so large that it held over an ounce of the solution. The doctor probed the ulcer and examined the bone, and said the disease was advancing rapidly to the lungs, and if I did not get speedy relief by medicine or by an opera-tion, the result would be fatal. I was advised to have the

Seeing various testimonials and certificates of cure by the use of Sands' Sarsaparilla, in cases similar to my own, I concluded to try a few bottles, several of which were used, but, from the long deep-seated character of my disease, produced no very decided change. Considering this as the only proba-ble cure for my case, I persevered until the disease was entirely cured. It is now over eleven months since the cure was completed; there is not the slightest appearance of a return. I therefore pronounce myself WELL, and the cure entirely effected by Sands' Sarsaparilla, as I took no other medicine of any kind during the time I was using it, nor have I taken

Please excuse this long deferred acknowledgment, which think it my duty to make. Your valuable Sarsaparilla cured me, with the blessing of Divine Providence, when nothing else could; and I feel myself under lasting obligations to you. I can say many things I cannot write, and I do most respectfully invite ladies afflicted as I have been to call upon me, and I will satisfy them fully of the truth as stated above, and many other things in reference to the case.
